

Grading Your Writing Prompts

- **Count each word in the prompt. Don't just use the number of words in a line x the number of lines.**
- **Write down the exact amount of words in your prompt and STAPLE the prompts together.**
- **Here's how to grade them from there:**
 - 4 = 100 words or more**
 - 2 = 50 – 99 words**
 - 0 = 49 words or less**
- **Mark each prompt with the right grade**
- **Add them together and put total on first page out of 16. Like 16/16 or 8/16 etc.**
